## Date Of Publication

30 Apr 2026

## Subject

Operational

## Cancellation

Y 171/2025

## TEMPORARY DANGER AREA (IN THE VICINITY OF Y70) BVLOS RPAS OPERATIONS, 06 MAY - 31 JULY 2026 - REPLACES AIC Y 171/2025 AS OF 06 MAY 2026

- 1 During the period **between 06 May and 31 July 2026**, a Temporary Danger Area (TDA) will be established in the vicinity of Y70 to support military operations utilising a Remotely Pilot Air System (RPAS).
- 2 As the RPAS will be operating Beyond Visual Line of Sight (BVLOS) and does not have a full Detect and Avoid Capability, a TDA has been established within Controlled Airspace per the table below. The RPAS is equipped with a limited Detect and Avoid Capability.
- 3 The TDA is sponsored by the Ministry of Defence outside of the Airspace Change Process due to the States' requirement.
- 4 Activation of the TDA will be via NOTAM, where the NOTAM should be issued with at least 24 hours-notice prior to activation.
- 5 During the hours of operation, a SUACS will be available from Prestwick Centre on frequency 133.800 MHz. For further information, contact Prestwick Group Supervisor North Tel: 01294-655240.
- 6 As defined below, the area will be established to segregate RPAS activity in the vicinity of Y70. The TDA is established between FL 200 and FL 230; however, to meet buffer requirements, the RPAS may transit across the TDA at FL 210 and/or FL 220 only:
